SUMMARY

Experienced and highly skilled Full Stack Developer proficient in both frontend and backend technologies, with a deep understanding of web technologies such as HTML, CSS, and JavaScript. On the frontend, excels in crafting elegant and efficient web applications using industry-leading frameworks like React and Angular, ensuring seamless user experiences across devices and browsers. On the backend, possesses expertise in Laravel, PHP, and Node.js, employing these technologies to develop robust and scalable server-side solutions. Adept at implementing responsive design principles and optimizing performance through efficient code, leveraging tools like minification and caching. Collaborative team player with excellent communication skills and a strong eye for detail. Continuously keeps up with the latest industry trends and best practices to deliver cutting-edge full stack solutions.

EXPERIENCE

Web Developer

Freelance
