Fullstack Developer
PT Bisnis Tekno Utama ↗

11/2022 - 09/2023

During my tenure as a web developer, I took on the responsibility of designing and developing a diverse range of websites, each with its unique challenges and objectives. These accomplishments showcase my ability to deliver high-quality web solutions that meet clients' needs and contribute to their online success. Some notable achievements include:

- Responsive Design: Ensured all websites were fully responsive, making them accessible and visually appealing across various devices, from desktop to mobile.
- Performance Optimization: Utilized best practices to optimize website performance, resulting in faster loading times, reduced bounce rates, and improved SEO rankings.
